

EDIE/PreManage 2019 Priorities

Priority #1: Continue to promote/expand community collaboration and cross organizational care coordination

- New: Lane County, Portland
- Ongoing: Southern Oregon, Central Oregon, Salem

Priority #2: Provide resources to optimize the use of EDIE/PreManage to support improvement efforts

- Payer—train the trainer
- Primary Care Learning Collaboratives
- Behavioral Health Community of Practice
- ED/Hospital (tbd)
- Quarterly Webinars
- Resource Development (toolkits, tip sheets)
- Limited direct technical assistance for practices participating in community collaboratives

Priority #3: Enhance dissemination of information and resources to support improvement efforts

- Quarterly newsletter—updates, tips, highlight best practice, dashboard
- Post resources on OHLC website and CM Community when available

Priority #4: Evaluate progress and develop strategies for improvement

- EDIE Utility survey
- EDIE Utility Goals 2018 performance
- Quarterly Dashboard (Utilization, Operations)

Priority #5: Leverage the use of tools to support key initiatives and use cases

- EDie/PDMP integration
- e-POLST integration
- SNF use case
- EMS use case
