### Data Definitions

#### Organizations and Users

#### Platform Activity

<b>Licensed Partners</b>	Both community-based organizations (CBOs) and clinical/healthcare in-network organizations that are users of the Unite Us software.	<b>Accepted Referrals</b>	In-network electronic referrals that have been accepted by a receiving network partner.
<b>Licensed Partners Accepting Electronic Referrals</b>	Any in-network organization that is set up to receive closed-loop electronic referrals through the Unite Us software.	<b>Total Referrals</b>	In-network electronic referrals sent between any in-network partners on the network. This does not include out-of-network cases or assistance requests.
<b>Engaged or Cultivated Potential Partners</b>	CBOs that have engaged with the Unite Us community engagement team in some way (strategy session, training, etc), and those who have submitted a partner registration form.	<b>Unique Clients Served</b>	Clients can be served with referrals, out-of-network cases, or assistance requests.
<b>Licensed Users</b>	Includes all community network users who can send and/or receive referrals. This no longer includes "Resource Directory Only" users.	<b>Closed Cases</b>	Cases are created through referrals, out-of-network cases, or assistance requests. Once an outcome is known, a case is closed.
