

### **Goal #1:** Reduce costs and increase efficiency of administrative processes

---

#### **ENHANCE ADMINISTRATIVE SIMPLIFICATION**

*Reduce cost and increase efficiency of administrative processes.*

- Complete the results validation work for the multi-year Eligibility Improvement Project.
- Identify workstream opportunities related to CMS/ONC interoperability rules.

### **Goal #2:** Improve quality and increase value through implementation of evidence based best practices

---

#### **SUPPORT BEST PRACTICE TREATMENT OF SUBSTANCE USE DISORDER**

*Develop, align, and communicate policies and recommendations that support best practice management of substance use disorder*

- Improve access to Medication for Addiction Treatment (MAT) through the development and communication of clinical MAT recommendations, education, and benefit design
- Support use of Opioid Overdose Notifications via the Collective Platform
- Assist in the development of best practice standards of use for PDMP medical director reports

#### **REDUCE UNNECESSARY OVERUSE OF HEALTH CARE SERVICES**

*Analyze data and develop aligned strategies to reduce potentially unnecessary, low value services*

- Evaluate adoption of Vitamin D Testing Clinical Guideline through data analysis
- Track successful interventions based on the Pre-Operative Testing Recommendations
- In collaboration with OHA, develop open-source Low-Value Care tool

#### **IMPROVE CLINICAL USE OF TELEHEALTH SERVICES**

*Identify, communicate, and support implementation of clinical best practice use of telehealth services*

- Improve telehealth quality and safety by determining and recommending services most appropriate for telephone, video, and/or e-visits; improve workflows and promote patient centered education.

#### **SUPPORT COMPREHENSIVE PRIMARY CARE (CPC+) INITIATIVE**

*Provide financial support and strategic input to CPC+ participants in Oregon*

- Implement aggregated performance data reporting to support Total Cost of Care strategy, with specific focus on Low Value Care.
- Leverage CPC+ work to inform state-wide Value Based Payment strategy.

### **Goal #3:** Accelerate and advance HIT optimized health care delivery

---

#### **HIT COMMONS**

*Provide management services and operational infrastructure to support identified HIT Commons initiatives*

- Explore potential and guidelines for HIT Commons-based, value-added consulting to members.
- Increase flexibility and allow for cost-effective addition of opt-in initiatives.

#### **PRESCRIPTION DRUG MONITORING PROGRAM (PDMP) INTEGRATION**

*Increase the use of PDMP data at the point of care by enabling access to PDMP information within prescriber's and dispensing pharmacist's clinical workflow*

- Promote the adoption and implementation of the PDMP gateway to clinics through cost e-mail campaigns and CCO/DCO sponsored events.
- Develop and implement action plan based on findings from November 2020 post-implementation evaluation report.

- Assist in deployment and adoption of Prescriber reports and Organization Management Module to support medical leadership in organizations optimize use of PDMP integration.

## **EMERGENCY DEPARTMENT INFORMATION EXCHANGE**

*Leverage the use of real-time ED and IP utilization information to support efforts aimed at reducing unnecessary emergency department utilization and improving cross-organizational care coordination*

- **Community collaboration:** Ad-hoc virtual convening continues to support organizations in COVID-19 response.
- **Use cases:** Development continues on public health data sharing (COVID-19 cases, Vaccine status) via EDIE/Collective platform.
- **Technical infrastructure:** Hospital ADT feed review ongoing; tracking SMART on FHIR integration, and other key areas for future support.
- **Resources:** Developed three new data briefs/toolkits to assist with stakeholder onboarding/use of Collective Platform: <http://www.orhealthleadershipcouncil.org/edie-utility-learning-resources-and-webinars/>
- **Data & outcomes:** Over 750 connected entities using EDIE network, ED utilization trends decreasing as result of pandemic. EDIE Steering monitoring quarterly utilization data as COVID recovery emerges.

## **Goal #4:** Develop, implement, and monitor Community Information Exchange (CIE)

---

### **Connect Oregon CIE**

*Continue to build and monitor common, statewide technical infrastructure for social needs screening and referrals among clinical providers and community-based organizations (CBOs)*

- Connect Oregon live in 16 counties in OR/SW WA. 2021 goal is to be live in 21/36 counties and 400+ community based organizations (CBOs) onboarded to the network.
- OHLC convened Statewide Funders Advisory Committee (SFAC) to prioritize efforts and track implementation. Assisting with convening of regional governance bodies to support statewide network.

## **Goal #5:** Develop and implement strategies for sustainable health care funding

---

### **COST GROWTH TARGET**

*Continue to synchronize statewide healthcare cost sustainability*

- Collaborate with OHA on Cost Growth Target work (SB 889 implementation), specifically co-sponsoring Value Based Payment (VBP) workgroup.
- VBP Work group work beginning. Updates can be found at: [OHLC Value-based Payment Compact](#)
